Yotei Log Houses

These 2 log homes nestled on the Niseko side of Mount Yotei come with a generous 650 tsubo of land and provide an idyllic location for an all year round residence.

One of the log houses is a 2 storey construct of 110 square meters with 3 bedrooms and the other is a 56 square meter dwelling with 2 bedrooms. Both houses are in immaculate condition. Although only 3 minutes by car to Niseko View Plaza and 12 minutes to the Annupuri ski lifts, this property is rural tranquility itself, bordered by a large stream and abundant with birds and other wild life.

The soil around the base of Yotei is very fertile and the new owners could continue the vegetable cultivation that has been done for the last several years.
