Kutchan Renovated Convenient Home

Purchased and renovated 10 years ago by current owners, this house has been very well maintained, used mostly as a winter vacation home. It boasts an open kitchen and living layout which is south facing and enjoys bright natural light all day long. All 4 bedrooms were lightly updated, each with their own entrances - 3 remain with tatami and 1 with flooring.

With snow being one of the biggest challenges in winter, this home benefits from a very large garage which can easily fit 2 large van or SUV type vehicles, or 3 Kei cars. If more parking was necessary, the house has a very large yard adjacent, which could be used for a second garage. Snow sheds off the back side of the house quite well, with a recently updated roof.
