80 Tsubo Land

This 264 sqm (approx. 80 tsubo) of land in Lower Hirafu is a great opportunity to take advantage of the convenience of village amenities and nearness to the main ski slopes without having to sacrifice some of your privacy and peace. Tucked away in the quieter part of the village off one of the main avenues, the land faces out to a road less trafficked due to the private residences around it. Perfectly suited for a family vacation home where parents don't have to worry about kids outside all day playing in the snow, yet also appropriate for the developer looking for a location with a bit more exclusivity. Within easy walking distance to Yukoro onsen, shuttle stops, restaurants, and bars in the area.
