Premist Sapporo Terminal Tower 1108

Apartments in the Premier Sapporo Terminal Tower complex are amongst the most sought-after properties in Sapporo. They rarely come to market due to the building's high construction standard and very central location at the north exit of Sapporo Station, which the bullet train will be connected to in 2030. The tower is less than a 5-minute walk to the station and its myriad shops and restaurants, including the top-end Daimaru department store.

Apartment 1108 is located on the building's 11th floor and enjoys stellar views over Hokkaido's main city. The property is a typical Japanese city apartment design and layout, with two bedrooms, open-plan living and a Japanese style bathroom. Whether you utilize the apartment yourself or rent it out, your investment will be a wise one that will reward you down the years.
