Yutaka Town House 1

Yutaka Town houses, conveniently-located in Middle Hirafu, were purpose-built for ski holidays with larger families in mind. The layout is very practical with bunk bedrooms, laundry including ski rooms and an independent shower & toilet on the 1st floor, spacious living room on the 2nd floor and 3 bedrooms on the 3rd floor. The property is immaculately-furnished throughout with a fully-equipped kitchen containing all modern appliances. Having three floors naturally creates more space for guests and Yutaka can accommodate as many as ten people. This is a concrete structure built in 2008, so durability and warmth are guaranteed. Mt Yotei can be clearly seen from the rear of the building. Yutaka 1 and 2 are identical mirror image adjoining townhouses and can be bought together as one building at the discounted price of 270,000,000 JPY or separately for 142,500,000 each.
