Rusutsu Investment Land

Rusutsu is at the very start of its development curve, with more facilities and amenities on the way. Right off the main road that runs through the resort area this 3,954sqm (approx. 1,196.08 tsubo) plot is both close to the slopes and nestled away among the trees, a perfect spot for a new development that wants to create the perfect holiday getaway. The land enjoys great views of Mt. Shiribetsu on one side and the ski slopes on the other. The land faces out to a town road and an expanse of farmland and forest creating a very calming and serene atmosphere. To the back of the land bordered by the Yamayano river there is a golf course and onsen to enjoy, or you can drill for the water yourself and create your own private natural hot spring bath! There are many possibilities with this land and at a great price point. Land in Rusutsu is going fast, so please contact us for a viewing!
